

The Pacific Rim Actuaries' Club of Toronto was founded in 1993 to provide a platform for actuaries in Toronto to meet and discuss topics that were current and relevant to the Pacific Rim.

Over the years, our audience has grown to include other insurance professionals and we have also expanded the "Pacific Rim" definition to include Australia and India.

The Club currently has over 150 active members, representing the major insurers, reinsurance companies, and consulting firms around Toronto.
